

PUBLIC DAILY LEDGER

SEVENTH YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 29, 1898.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "suitors" free any more than a merchant can lose over his counter two sets of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

WE MAKE IT A POINT

To have our best lines, in all our departments come in the middle of August. In a few days many of our young friends will resume their studies—some at home, others in foreign educational institutions. It has always been our pride to send the boys well dressed. No matter what town or city they go to Hechinger's clothes wearers are the proper dressed youngsters. For this fall we made greater efforts than ever to supply ourselves, and consequently you, with the noblest clothing that fashion subscribes, our fall suits and overcoats are the highest types of merchant tailoring art. Our stock represents the production of the acknowledged leading houses in the country. Our line of Shirts, Underwear, Hats, Ties, etc., is simply great. If the young miss needs a nice trunk we can supply you.

SHOES.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years," is the universal expression of those that wear them. Our \$2.50 and \$3 Smith & Stoughton French Calf Common Sense Shoes are the best in the market. Every pair we sell is made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class Shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, etc., all of which are specially made for us by the Burt-Packer people, Brockton, Mass., all the long felt wants in Mayville's shoe trade. We are daily receiving our fall stock in these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

HECHINGER & CO.

Killed by a Live Wire.
DECATUR, Ill., Aug. 28.—John Hamilton, six years old, while playing in the yard at his home Saturday, became entangled in a live wire. The 6-year-old son of James Lee tried to pull him out, and was instantly killed by the shock. The Hamilton boy was burned from head to foot, and will die. The wire was a private telegraph wire that had fallen over a trolley wire and into the yard.

THE BUYERS' GUIDE

A Big Wheat Crop For 1899.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Disc Drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what you tell them to do. The Empire Disc Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats or barley with the same gear. Size of the grain does no figure with the Empire. You do not have to sow four or five acres before a large and small quantity of grain per acre with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned rubber conductors. The Empire drag bars are fastened to the top of the boot, five inches higher than on other drills and trash will not choke and stop the Empire.

EMPIRE WHEAT DRILL

will drill corn successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a round, saucer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and fed as this part will hold, and in order to sow a large or small quantity of grain per acre you simply put a large or small cog wheel on this shaft, which makes the round, saucer-shaped lift revolve faster or slower. Each cog wheel is numbered and guaranteed to sow an exact quantity of any grain per acre—wheat, rye, oats, barley. The Empire has tapering axles like a thimble-like wagon, and a peculiar wheel, a wheel that we will guarantee will not rub the boxes in five years as do other drills—not in twenty-five years. Try the best. Buy the Empire and take advantage of 18 years experience. The factory now offers you the result of a lifetime's study and invention, viz: The Empire Disc Drill. Ask your grandfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 31 years old and still running. The Empire for 48 years has had a national reputation—known and used the world over except Mason county. The Empire is not a cheap drill. It costs the agent a little more than other drills. Perhaps this is why your implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 80 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.

LASTING PEACE.

The Czar of Russia Makes a Proposition for an International Conference.

PEACE AMONG THE POWERS WANTED.

A Termination of the Progressive Increase in the Armaments Proposed by the Czar.

With Russia in the Lead in Such a Step Germany, France and the other Nations May Follow—Views of Some European Papers.

LONDON, Aug. 29.—The czar's proposition for an international conference for the purpose of securing real and lasting peace among the powers and the termination of the progressive increase in armaments, as conveyed in a note from Count Muravoff, the Russian foreign minister, to the foreign diplomat at St. Petersburg, is likely to produce a sensation throughout Europe, and with such evident sincerity of purpose, it is likely to have important effects.

There is no doubt that with Russia taking the lead in such a step, Germany, France and the other nations will be ready to follow.

ROME, Aug. 29.—The czar's note has made a profound impression here. Some of the newspapers applaud, while others greet the communication with reserve or distrust.

LONDON, Aug. 29.—The Daily Graphic Monday morning referring to the proposal of Emperor Nicholas, says: "It would be idle to attempt to ignore the many and grave difficulties standing in the way of the attainment of the czar's wishes but it can not be possible to doubt the sincerity of the magnanimous proposal."

The Standard says, speaking editorially of the czar's proposal:

"In England at least respect and sympathy will be felt for the proposal. It is a conception well worthy of the young sovereign. It is painfully obvious that there are enormous difficulties to be overcome which it is possible the czar in his ardor and humane enthusiasm has not maturely considered. It is a vision which has occurred to many minds, but has always had to be dismissed as a mere dream. The nations are not likely to cast away the sword unless they have a better warrant than paper proposals. Moreover, the moment does not seem altogether propitious. New armed nations are arising in Asia and America whom it might not be easy to convince of the safety and desirability of abandoning the enterprise on which they have embarked with so much energy."

Enumerating the many obstacles to the attainment of the object sought, the Standard suggests that the czar has the matter largely in his own hands, adding:

"If Russia would abandon her menacing and aggressive policy in China and elsewhere, the era of universal peace would be perceptibly nearer."

ROME, Aug. 29.—The belief here is that the czar first obtained Austrian and German assent to the conference. The papers admit the extraordinary importance of the document and pay tribute to the humanitarian motives. The Tribune thinks Germany and Italy will consent, but France will disapprove of her ally's action.

PARIS, Aug. 29.—The Figaro believes that the conference will assemble, because the czar would not have risked a refusal. It believes, however, that the aspiration is chimerical.

The Gaulois thinks the proposal a natural one from Russia, because the immense armament imposed upon her is the principal obstacle to her development. The Gaulois says:

"France would not gain what Russia and the other powers would by disarmament. Universal peace has been often proposed, but never realized."

The Journal thinks the conference, instead of realizing the czar's hopes, will rather accentuate national antagonisms, if it does not lead to demands totally inimical to the world's peace.

Murdered Man's Body Found.

FAIRBANKS, W. Va., Aug. 29.—The body of Tony Factor was found in a lonely ravine ten miles to the west of Davisville, Sunday afternoon, with five bullet holes in it. He was murdered Friday afternoon, supposed by John Nuch, who had threatened to kill Factor on account of his affection for Nuch's wife. Nuch has been arrested and lodged in jail.

EX-GOV. MATTHEWS DEAD.

He Passed Away Peacefully, Surrounded by His Wife and Other Members of His Immediate Family.

WINDSOR, Ind., Aug. 29.—At 6:30 o'clock Sunday morning, the quiet McHenry homestead, where he was taken immediately after his sudden affliction, ex-Gov. Claude Matthews passed away peacefully, surrounded by his wife and all the other members of his immediate family.

There was prayer service, accompanied by the singing of hymns, at the bedside of the dying ex-governor. Mrs. Matthews was very much affected, and stated that she would give anything in the world if her husband would manifest by a single word his faith in Jesus. About 3 o'clock the minister in the course of the services aided the dying man if he believed in Jesus. The answer, as plainly as any could be given, was "Yes."

The three physicians regarded this answer as miraculous, as all agreed that the particular part of the brain affected by the paralysis was that which the ex-governor would probably never have talked had he lived. It was the only word he spoke after he was stricken. He immediately lapsed into a profound coma from which he did not recover before he passed away at 6:30 o'clock. Mrs. Matthews started from Windsor Monday morning with the remains of her husband and will arrive at Clinton, Ind., at 1:30 in the afternoon.

From Clinton the party will go direct to Hazel Bluff, the home of the dead ex-governor.

Out of respect to the expressed wish of Gov. Matthews the body will not be taken to Indianapolis to lie in state at the capitol. The funeral will occur Wednesday afternoon at an hour to be hereafter determined, and will be held in the beautiful grove adjoining the cemetery, as there is no church or other edifice in Clinton of sufficient size to accommodate the immense crowd that will desire to attend the funeral.

Monday the mayor of Clinton will issue a proclamation to the merchants and others of the city calling upon them to close their places of business Wednesday so that everybody may be given an opportunity to attend the funeral of their beloved fellow townsman.

While the arrangements for the funeral have not all been completed it is understood that the services in the grove will be conducted by Rev. F. W. Sanders, of Clinton, assisted by Rev. J. A. Milburn, of Second Presbyterian church, of Indianapolis, who was Gov. Matthews' pastor during his eight years' residence in the capital city.

The remains will be interred in the family lot in the cemetery near Clinton, where his son, who died while attending the Atlanta exposition, is buried.

Mrs. Matthews is bearing up surprisingly well under the strain of her terrible affliction, but friends fear she will suffer collapse after the funeral.

Mrs. Matthews received hundreds of telegrams and messages of condolence Sunday. Gov. Mount expressed the sorrow of the state at the sudden death of the ex-governor and requested that the remains be brought to Indianapolis to lie in state at the capitol.

In this he was joined by Mayor Taggart and other prominent citizens. To the governor and mayor Mrs. Matthews replied that Mr. Matthews had often said to his family that when he died he wanted no pomp nor parade, and would not like to have his body lie in state. Hence other and more representative arrangements had already been made for the funeral. Gov. Mount and staff will attend the funeral at Clinton and a special train will leave Indianapolis Wednesday morning to carry state officials and others.

Gov. Matthews was born in Bath county, Kentucky, December 14, 1843. He left Kentucky in 1865 and settled in Vermillion county, Indiana, where he had a farm of 2,000 acres. The governor served a term in the legislature in 1870. In 1890 he was nominated and elected secretary of state and in 1892 was chosen governor.

Winnie Davis' Condition.

NARRAGANSETT PIER, R. I., Aug. 29.—The condition of Miss Winnie Davis, who is critically ill here, was slightly improved Sunday. At a consultation Saturday by Dr. John A. Wilcox and Dr. Baese, of New York, her illness was pronounced to be cancerous.

Prayers were offered Sunday for her recovery in the Episcopal and Catholic churches here.

The Report Decried.

PARIS, Aug. 29.—The report that the French armored cruiser Bruix had foundered in the Indian ocean was without foundation. The Bruix is now at Saigon, capital of French Cochinchina.

AMERICAN ARMY.

Chairman Hull, of the House Committee on Military, Giving It Much Attention.

HE IS NOW IN THE NATIONAL CAPITAL.

Will Introduce a Bill in the Coming Congress to Correct the Defects in the Existing Law.

Also to Increase the Strength of the Army on a Peace Footing to 100,000 Enlisted Men—Mr. Hull is Confident the Measure Will Pass.

NEW YORK, Aug. 29.—One of the important matters which will occupy the attention of congress at its next session will be legislation to increase the strength of the permanent military establishment, says the Washington correspondent of the Tribune. Chairman Hull, of the committee on military affairs of the house of representatives, who is in Washington, where he expects to remain until early in November, is devoting much attention to the subject, and has already discovered that the war has removed some of the more formidable obstacles which hindered and finally prevented the enactment of a satisfactory law for the organization and increase of the army at the last congress.

THE AMERICAN PEACE COMMISSION.

JUSTICE WHITE

WHITELAW REID.

SECRETARY DAY, CHAIRMAN.

SENATOR DAVIS.

SENATOR FRYE.

In the coming session he will introduce a bill to correct the defects in the existing law, and to increase the strength of the army on a peace footing to 100,000 enlisted men. He feels confident that the measure will be passed.

The strongest opposition to the reorganization bill last winter and spring came from the representatives of the national guard organizations of the various states, and it was effective to a considerable extent. The experience of the last four months, there is reason to believe, has convinced that element, as well as a great many congressmen who surrendered to its influence, that the opposition was ill judged and unreasonable, and that a reasonably strong regular army, thoroughly equipped and organized on a modern basis, would be a benefit, rather than a drawback, to the national guard organizations.

Will Sail on the Seneca.

WASHINGTON, Aug. 29.—The Porto Rico military commission will sail for Porto Rico on the Seneca, which is present is one of the vessels of the war department, but probably will be transferred to the navy. Adm. Schley will hoist his flag on her while the Brooklyn will go into dock for repairs.

Eighteen Persons Killed by Lightning.

RENO, Italy, Aug. 29.—During a heavy thunderstorm Friday 20 persons sought shelter in an old house in the suburbs of the city. The building collapsed and 19 were killed.
